

**HARNESSING THE
FUTURE, TODAY.**

WE'RE HERE TO ENERGIZE BUSINESS GROWTH FOR YOUR MINING OPERATIONS. ROBUST. RAPID. READY.

You. Us. Together.

Your mining operations are the core of your business, and we're helping more and more companies like yours reduce their business risk and increase their speed to market through our various energy incentives, rate discounts and real estate programs, plus our local relationships and understanding of government processes.

We're proud to serve a variety of technology operations across our entire service territory. These partnerships reflect our customers' trust in us to deliver reliable, clean, affordable energy. Our electric services maintain 99.9% reliability.

Ready to grow your business? Let's build the future, together.

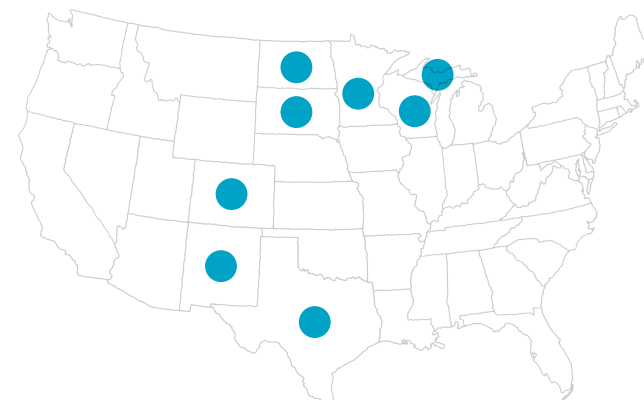

Tax rates and incentives to protect every single dollar.

In Colorado, Minnesota and Wisconsin, new or expanding projects may qualify for discounted electric pricing, which can mean more capital for your project. We'll work with you to find customized energy solutions that meet your needs and protect your capital, because you're building more than a mining operation – you're building your business.

Power. Property. Potential. Ready to go.

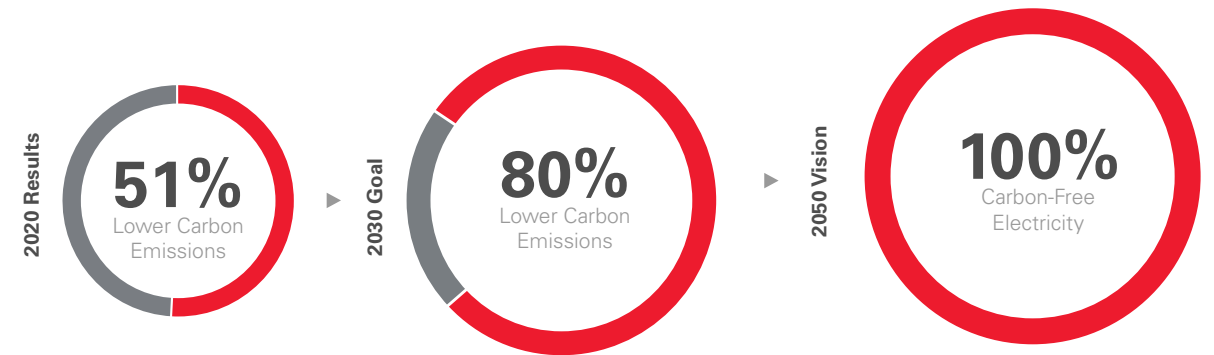

We'll work with you and our community partners to identify sites that meet your needs – with robust and affordable power. Our discounted electric rates and demand response programs can provide serious savings on your electric bills. These programs were developed with you in mind and built to serve your business. Plus, you'll have access to a wide range of support services and skilled talent right in our backyard. Our eight-state territory also faces fewer natural threats, like earthquakes and hurricanes.

Where we work.

Our vision: 100% carbon-free by 2050.

We're one of the nation's top providers of clean power, and we have a vision to provide 100% carbon-free electricity by 2050 across the eight states we serve.

Clean energy needs Xcel Energy.

You have sustainability goals. We give you the energy to get you there, and our increasingly clean energy mix is just the beginning. We can offer 100% renewable power and will work with you from day 1 to make sure your operation is efficient for both the environment and your bottom line.

Experience. Expertise. Excellent support.

Our award-winning support team is dedicated to your business success. As a Fortune 300 company, we'll put our resources to work for you: we have highly skilled, technical expertise and extensive experience working with businesses of all sizes. Plus, we'll lean into our strong local relationships to help guide your project.

We strongly believe in the value that a diverse workforce brings and the importance of having employees that reflect the communities and customers we serve. We're committed to creating an inclusive culture where all employees, partners and stakeholders are treated with respect and diversity is celebrated.

We're ready to help.

We have the right home for your next project and develop customized energy solutions. Contact our Xcel Energy Corporate Economic Development team today. Whether you want to take a deeper dive into our operations, tour our sites virtually or in-person, or meet with state and local economic development organizations, we're here to help. You. Us. Together.
